

Michigan USSSA News Briefs

October 10

- A majority of the 2011 USSSA tournaments will have a flat \$500 cost when paid for online. This is to encourage teams to pay online and to remove the additional paperwork and mailing of the registration form that has been the process of entering tournaments in the past. There will be no additional charge for using a credit card for a majority of the tournaments; this is the incentive to not enter the event paying by check. When paying by check, there will be an additional fee charged, again to encourage teams to pay online avoiding paperwork, loss of forms in the mail and instant addition to the event. Thank you for your cooperation and for also supporting USSSA Baseball!
- Congratulations to all the league, tournament, and World Series winners this past summer. Thank you for your support of USSSA tournament Baseball.
- The 2011 tournament schedule is now posted at www.michusssa.com.
- Online rosters MUST have the names put in as they appear on the birth certificate.
- 2011 World Series sites, including Global Sports World Series sites, will be announced at the National Convention in November.
- For the 2011 season teams will receive an 11 digit registration number (obtained online at www.ussa.com).

Michigan USSSA News Briefs

October 10 con't.

- Teams MUST have their roster online before they enter a tournament. If a team does not enter their roster online they cannot be awarded tournaments points. Ages 15U to 18U Must enter their roster on the "Advanced Roster" section to receive tournament points.
